

Administrative Warrant

Issued by a DHS

ICE almost never has a **judicial warrant** necessary to enter private spaces and will use low level trickery or intimidation to obtain consent to enter.

ICE may try to use an internal document like the one on the right with the word "warrant", but this does not grant them permission. After requesting a warrant at the door, they may return with this to trick a person into opening the door.

U.S. DEPARTMENT OF HOMELAND SECURITY Warrant for Arrest of Alien

File No

Labeled "Warrant for Arrest" or

To: Any immigration officer authorized by the Immigration and Nationality Act, Regulations, to serve warrants of arrest for immigration violations

"Warrant of Removal"

I have determined that there is probable cause to believe that _____ is removable from the United States. This determination is based upon:

- the execution of a charging document to initiate removal proceedings against the subject;
- the pendency of ongoing removal proceedings against the subject;
- the failure to establish admissibility subsequent to deferred inspection;
- biometric confirmation of the subject's identity and a record check of federal databases that affirmatively indicate, by themselves or in addition to other reliable information, that the subject either lacks immigration status, or notwithstanding such status is removable under U.S. immigration law; and
- statements made voluntarily by the subject to an immigration officer and/or other reliable evidence that affirmatively indicate the subject either lacks immigration status or, notwithstanding such status is removable under U.S. immigration law.
